Introducción

En el marco de las prioridades estratégicas descritas en la Agenda Estratégica de Transformación y en congruencia con los principios de transparencia y acceso a la información, se presenta la Estadística Básica de Inicio de periodo escolar 2020-2021/1 y Fin de periodo escolar 2019-2020/2, la cual tiene el propósito de dar a conocer a la comunidad politécnica, información que sirva de consulta, apoye la gestión educativa, la toma de decisiones y constata el cumplimiento de los objetivos fundamentales en las funciones sustantivas que realizan las Unidades Académicas del Instituto Politécnico Nacional.

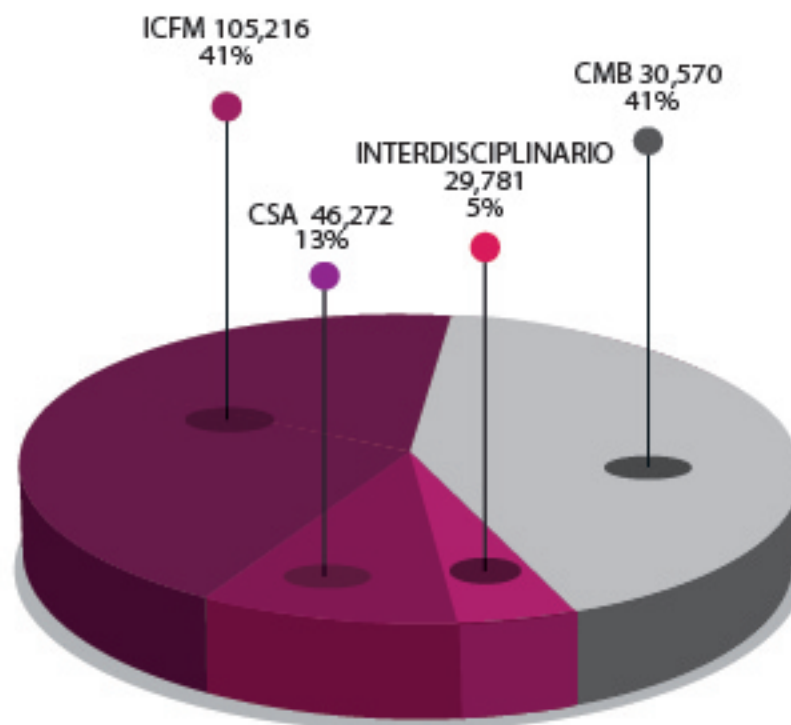

En este documento se muestran algunas variables e indicadores de aprovechamiento escolar correspondientes al periodo escolar 2019-2020/2 como son: egresados, titulados y graduados; asimismo, para el periodo escolar 2020-2021/1 se presenta información sobre la matrícula atendida por nivel educativo, Unidad Académica, programa académico, rama del conocimiento, modalidad educativa y sexo.

La información que se presenta y que, en forma por demás sintética da cuenta de los resultados obtenidos, constituye un referente de la transformación institucional, así como de los avances realizados para consolidar los procesos sustantivos en el marco de los Modelos Educativo y de Integración Social.
